

Geotechnical & Environmental Services Names Aksharandanda as Project Engineer

LAS VEGAS - Geotechnical & Environmental Services, Inc. (GES) president Greg DeSart announced Thanarach Aksharandanda (Noom) has joined the GES staff as Project Engineer. In his new position Aksharandanda assists in planning, designing, and directing geotechnical engineering or construction testing/inspection projects.

“Noom comes to us with project management experience in both Colorado and Northern Nevada.” said DeSart.

Noom has a professional engineering license in the state of Colorado and is currently in the process of obtaining the State of Nevada professional engineering license.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspections. In addition, the company offers drilling support for the design, construction and maintenance of public infrastructure and private development. GES is regularly recognized as one of the best companies to work for.
