

Geotechnical & Environmental Services Names Chambers as Engineering Technician

LAS VEGAS - Geotechnical & Environmental Services, Inc. (GES) President Greg DeSart announced Adam Chambers has joined the GES staff as an Engineering Technician for the GES Mesquite field office. In his new position, Chambers will perform field sampling, testing and monitoring of test results in compliance to GES quality standards.

“Adam is a great addition to our staff in Mesquite”, said DeSart.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspection services. GES’ sister company, Eagle Drilling, offers drilling services for design support, construction and maintenance for commercial, private and public works developments. GES has been consistently recognized as one of the “Best Companies to Work For”.
