

## **Geotechnical & Environmental Services Names Hansen General Manager**

LAS VEGAS – Geotechnical & Environmental Services (GES) President Greg DeSart announced the promotion of Kyle Hansen as a General Manager. In his new position Mr. Hansen will guide and direct Program Managers and supervisors in the development, production and sale of the organization's services under his or her control in support of policies, goals, and objectives established by the Chief Executive Officer.

“I am extremely excited to have Kyle in the position of General Manager.” Greg DeSart, owner of GES, Inc.

Previously, Kyle Hansen was the Environmental Program Manager for the firm. Hansen's 18 years of experience covers both private and public assessment projects in three western states, with multiple certifications in Nevada, Utah and Colorado. Mr. Hansen holds a Master of Science degree in geology from Iowa State University.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspections. In addition, the company offers drilling support for the design, construction and maintenance of public infrastructure and private development. GES is regularly recognized as one of the best companies to work for.
