

Geotechnical & Environmental Services Names Sener Engineering Manager

LAS VEGAS - Geotechnical & Environmental Services, Inc. (GES) President Greg DeSart announced Joseph Sener as Engineering Manager for GES' Tri-State office located in Mesquite, Nevada.

“Joseph brings a tremendous amount of experience to the GES family,” DeSart said in a recent announcement. “His leadership skills and technical expertise will assist in our continued efforts to grow and provide the high quality of service our clients have come to know.”

Sener has over 30 years of geotechnical experience and has managed a number of projects around the world. In addition, Sener holds a PhD in Geotechnical Engineering and is a Fellow of the American Society of Engineers.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspection services. GES' sister company, Eagle Drilling, offers drilling services for design support, construction and maintenance for private development. GES has been consistently recognized as one of the “Best Companies to Work for.”
