

## **Geotechnical & Environmental Services Names Watkins Staff Scientist**

LAS VEGAS – Geotechnical & Environmental Services President Greg DeSart announced Adrienne Watkins has joined GES as Staff Scientist. In her new position Watkins will perform technical report preparation, geologic logging, soil classification, monitoring well installation, and soil and groundwater sampling, CAD/GIS drafting in conformance with GES standards and client schedules. She is expected to coordinate all activities with the project manager and the program manager.

“We are glad to welcome Adrienne to our team. Her background in environmental and past experience will be an asset to GES” said DeSart.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspection services. GES’ sister company, Eagle Drilling, offers drilling services for design support, construction and maintenance for commercial, private and public works developments. GES has been consistently recognized as one of the “Best Companies to Work.”
