Link Info

The owners purchased a building originally constructed in 1944 with the goal of retrofitting the site for use as an office for the St. Jude Women's Association.

GES performed a Limited Asbestos Survey at the commercial site located at 1510 South Maryland Parkway, Las Vegas, Nevada 89104, including interior/exterior property inspection and collection of up to 42 bulk samples. GES also prepared a letter report summarizing

the field and sampling activities, laboratory analytical results and a photographic log.

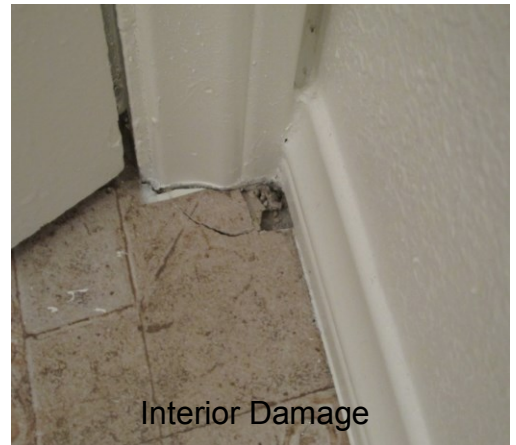

GES was contracted by Meadows Bank to perform these tests prior to the approval of the final sale transaction.
